Nutrition Program Report
For the Nutrition Program Advisory Council
December 14, 2016

PROGRAM REPORT

- Since November 7, we have had two dining center managers on extended medical leaves. Both worked five days a week. One is scheduled to return on December 12 and the other December 20. This has resulted in several dining center closings in order to have sufficient staff to cover the dining centers. Due to this, we have asked for more dining center manager positions. The additional positions will be "floats" who would ideally work when the regular dining center manager is unable to. If this is approved, we would hope to begin hiring in January.
- We are now back to five days a week delivery in Juneau. We have three volunteers who are helping us.
- The month of November was Memory Health at all the dining centers. Judy Wiese, the Dementia Care Specialist, visited each dining center on Monday's and offered memory screens. When we originally discussed doing this we had hoped for three to five people partaking of a memory screen. After completing her dining center visits, Judy had 30 people who showed up for a memory screen. Due to the popularity, we may have to look at doing this every year.
- Sara Koenig, MS RDN CD, Elder Nutrition Program Manager for the state, has asked several county nutrition program managers to help evaluate the new menu requirements. This has stemmed from many counties stating they will not be able to afford an additional food item as the proposed draft policies ask for. I have been invited to be part of this group and our first meeting is on December 21.
- In evaluating all of the dining centers, starting in January, Becky Bell, the Director of Human Services and Health, and Sheila Drays, Division Manager with Human Services and Health and I will be visiting the dining centers. Becky and Sheila want to meet the dining center managers and some of the participants, and see where the dining centers are located. The goal is to try and improve dining center attendance.
- On Friday, December 2, I was notified by phone that we will be receiving a letter informing us we can no longer use the Lowell VFW Hall as a location for a dining center. My understanding from the phone conversation is that we will not be given a move out date, but they would like us out as soon as possible. I have started to look at possible other locations for the dining center to move to.
- There is a new restaurant coming into Lowell who is very interested in our restaurant program. We will be meeting early next year to work out details.

After our December 2011 Nutrition Program assessment by GWAAR, the meals taken to people in their apartments in the Watertown dining center complex could no longer be counted as congregate meals. This averages approximately 22 meals per day. This is part of the shift from a decrease in average congregate meals per day to the increase in average home delivered meals per day.
